

JUNIOR SOFTWARE AND WEB DEVELOPER

WEB DESIGN | AGILE | COLLABORATIVE

- Currently pursuing an advanced diploma in Software Engineering Technology- Artificial Intelligence
- Maintains a competitive GPA in all Software Engineering academic projects and coursework
- **Programming Languages** : HTML5, CSS, JavaScript, jQuery, SQL queries, Java, Python, C#
- Strong mathematic skills supported by enhanced algorithm knowledge and logics
- Active participant in volunteering and possess excellent leadership skills
- Possess good communication and presentation skills.
- Languages: English, Hindi, Urdu

EDUCATION

Software Engineering Technology Advanced Diploma (Co-op)

Centennial College, Toronto, ON

Jan 2021 - Present

GPA:4.4/4.5

- Specialization in Artificial Intelligence

Projects:

- Programming I/II: Worked with C# to develop several applications and window forms
- Client-side web: Implemented Html, CSS and JavaScript for form validation, developing a BMI calculator, and designing a Weather app using API keys etc.
- Software Engineering Methodologies: Researched and developed SRS and SDD documentation for a real-time parking and ATM applications
- Introduction to Database Concepts: Developed multiple databases using SQL queries
- Linux/Unix OS: Possesses knowledge of working with the Linux OS
- Introduction to Artificial Intelligence: Programmed several applications and games using python
- Java Programming: Used Java to program applications on IDEs like IntelliJ and eclipse
- Web Application Development: Applied server-side programming to develop multi-tier web applications

Relevant Courses:

- | | |
|-----------------------------------|---|
| • Linux/Unix OS | • Client-Side Web Development |
| • Software Engineering Fundaments | • Software Engineering Methodologies-1 |
| • Programming I/II | • Introduction to Database Concepts |
| • Software Systems Designs | • Web Application Development |
| • Java Programming | • Introduction to Artificial Intelligence |

EXTRA-CURRICULAR EXPERIENCE

Virtual Tutor

GoStudent, Scarborough, Ontario, Canada

July 2021 - Present

- Currently tutoring high school students mainly in subjects like math, physics, biology, and chemistry and basic programming
